#### **Section 4 - Terms and Conditions**

The Current Registrant and the New Registrant enter into this Registrant Name Change Agreement as of the date executed by the final party hereto.

The Registrant and Domain Registration Services ("DRS") have entered into a Domain Name Registration Agreement or Service Agreement (the "Agreement") for the registration of the second-level domain name referenced in the block above headed Domain Name (the "Domain Name");

WHEREAS the New Registrant desires to register the Domain Name with DRS and to that end has transmitted by electronic mail to DRS a completed Service Agreement as application ("New Registrant's Application") for registration of the Domain Name;

In consideration of these premises, and for other good and valuable consideration the sufficiency of which is hereby acknowledged, the parties agree as follows:

1. **Registrant's Relinquishment of the Domain Name:** The Registrant hereby relinquishes its registration of the Domain Name and discharges DRS from all obligations under the Agreement. The Registrant releases DRS from all claims, liabilities or demands arising from the Agreement. The Registrant further acknowledges and agrees that it is not entitled to a refund of any fees it may have paid to DRS. Nothing contained in this Registrant Name Change Agreement shall be construed as an assignment of the Registrant's rights under the Agreement. The Registrant hereby authorizes DRS to take all steps necessary to register the Domain Name to the New Registrant, including without limitation, disassociating the Domain Name from the host servers designated by the Registrant without further notice.
2. **New Registrant's Registration of the Domain Name:** The New Registrant acknowledges that it has reviewed and understands the terms, conditions, representations and warranties of DRS's Service Agreement in effect as of the date of the New Registrant's Application. The New Registrant, by signing and sending this Domain Change of Registrant Form to DRS, agrees to be bound by and to perform in accordance with the terms and conditions of DRS's current Service Agreement, incorporated herein by reference, which includes DRS's current Domain Name Dispute Policy. The New Registrant specifically agrees to pay DRS a new registration fee. The New Registrant also reaffirms the accuracy and completeness of all of the information contained in the New Registrant's Application. To the extent the terms and conditions of DRS's current Service Agreement conflict with the terms and conditions of this Registrant Name Change Agreement, the terms and conditions of this Registrant Name Change Agreement shall prevail.
3. **Effective Date of the New Registrant's Registration of the Domain Name:** The New Registrant's registration of the Domain Name shall be effective upon DRS 's transmission of an acknowledgement to the New Registrant that the Domain Name has been registered to the New Registrant.
4. DRS requires that the Registrant account must be in good standing and any overdue bills settled prior to completion of Registrant Name Change.
